## CAREER OBJECTIVE

I am seeking for an opportunity where I can utilize my skills and knowledge efficiently and work with company towards the company goals and concurrently aiding my personal career growth.

## EDUCATION

### PVP SIDDHARTHA INSTITUTE OF TECHNOLOGY

B.Tech - Information Technology  
Year : (2019 - 2023)  
CGPA - 8.93/10.00 (Till 3rd Year)

### NARAYANA JUNIOR COLLEGE

Intermediate - (12th)  
Year : 2018 - 2019  
CGPA : 10.00/10.00

### VIJETA HIGH SCHOOL

10th Standard (SSC)  
Year : 2016 - 2017  
CGPA : 10.00/10.00

## SKILLS

- Problem Solving
- Object oriented programming
- Data Structures & Algorithms
- DBMS
- C Programming language
- C++ With STL
- Java OOP
- Python (intermediate)
- Full Stack Web development
- HTML, CSS, JavaScript
- ReactJs, MongoDB, MySQL
- Tools : Vs Code, Git

## INTERNSHIP

### AWS CLOUD VIRTUAL INTERN

Company : AICTE  
10/2021 - 12/2021

Description : Studied and implemented various services provided by AWS

### AI ML VIRTUAL INTERN

Company : AICTE  
03/2022 - 05/2022

Description : Studied about different AI concepts and ML , implemented ML some models.

## PROJECTS

- Title : Mr.CPU** (A resource website) **Link : <http://mrcpu.herokuapp.com>**  
**Tech Stack** : HTML, CSS, JS, Bootstrap, Express, MongoDB, NodeJS, EJS, Git, Github, Heroku  
**Description** : We can view and compare different Processors and CPUs available in the market .
- Title : Petcado** (A Pet management website) (Ongoing)  
**Tech Stack** : HTML, CSS, JS, Bootstrap, ReactJS, Express, MongoDB, NodeJS, EJS, Git, Github, Heroku  
**Description** : Details and page redirect to purchase link of pets as a multi page MERN stack project.
- Title : Flight Fare Prediction** (ML project) **Link : [flightfareprediction-app.herokuapp.com](http://flightfareprediction-app.herokuapp.com)**  
**Tools used** : Flask, Git, Heroku.  
**Description** : which predicts the price of the flight ticket using Random . forest a supervised ml algorithm , some other algorithms . like ExtraTreeRegressor, HyperParameter tuning.
- IoT Project** : Arduino Robot Car (with arduino and hardware components and code in github) .

## ACHIEVEMENTS AND CERTIFICATIONS

- Web Development - The Web developer Bootcamp certification from Udemy.
- Java Certification from Spoken tutorials.
- ReactJs Certification from Great Learning.
- The Joy of computing using Python NPTEL certification.
- Design and Analysis of Algorithms certificate from NPTEL.
- Introduction to MongoDB certification from Great Learning .
- HackerRank : Problem solving, SQL and 5 star golden badge in C, C++
- C & DSA concepts at Byts India
- Problem Solving - DSA course at Talentio
- CodeChef 3 star rating.
- Won 1st prize in CODE ROASTERS code contest at VRSEC

## CODING PROFILES

- HackerRank** : [hackerrank.com/...](http://hackerrank.com/...)
- CodeChef** : [codechef.com/...](http://codechef.com/...)
- LeetCode** : [leetcode.com/...](http://leetcode.com/...)
- InterviewBit** : [interviewbit.com/...](http://interviewbit.com/...)
- GeeksForGeeks** : [geeksforgeeks.com/...](http://geeksforgeeks.com/...)
- CodeStudios** : [codestudios.com/...](http://codestudios.com/...)

## EXTRA CURRICULAR ACTIVITIES

- Hobbies : Playing Cricket , Watching movies, Listening music .
- Participated in Hackathon like Smart India Hackathon, Jatayu
- Member of CSI and ISTE .
- Participated in code events in Leetcode , codechef . Won 1st prize in Commercial Quiz
